

# Swiss TV at ITF Brussels

Brussels, 26<sup>th</sup> March 2015

On Thursday 26<sup>th</sup> March 2015 ITF Brussels received the visit of the Swiss TV, which was making a special program about the life of the Swiss Ambassador in Brussels, Roberto Balzaretti.

Mr Balzaretti and his son are taking private Taekwon-Do lessons with Pablo Pascuzzo since some years. As they are doing good progress, last week they had their kup grading. As Taekwon-Do is an important part of his life, the Swiss TV wanted to record his test to show that even if he is very busy, he can find the time to practice our martial art.

The test was conducted by Sabum Virginia Dionisi in the Brussels school. Mr Balzaretti obtained his blue stripe after breaking a wooden board successfully with nopi chagi.

Mr Balzaretti is a good example of discipline and perseverance, and shows that everyone can find the time to train Taekwon-Do!!

Yours in Taekwon-Do,

Sabum Virginia Dionisi
